

## AH-COUNTER ROLE DESCRIPTION

As an **Ah-counter** you will be responsible for the following things:

1. Explaining Ah-counting rules in the beginning of the meeting (up to **2 min**).
2. Noting speakers' filler words and inappropriate sounds usage during the meeting.
3. Presenting Ah-counter's final report at the end of the meeting (up to **2 min**).

In the beginning of the meeting you will receive **Ah-counter's Tally Sheet**.

In the first part of the meeting Toastmaster will ask you to make a short explanation of your role. Please, prepare it at home and present in the clearest possible language. You will have no more than **2 min** for it.

During the meeting you will be recording speakers' filler words and inappropriate sounds usage in your Ah-counter's Tally Sheet. This could be words like 'well', 'but', 'so' or sounds like 'ah', 'um', 'er'. You should record the number of times they were used by each speaker.

In the final part, General Evaluator will ask you to make a short report. You should present a general report of filler words and inappropriate sounds usage and point them out to those who used them more or/and less than others. For example, you could tell about the top 3 speakers who have used these words/sounds more frequently than others, and about the top 3 speakers who have used them least. You will have no more than **2 min** for your report.

After the meeting, please, return your filled Ah-counter's Tally Sheet.

**Good luck!**
